SUBJECT INDEX

ACETONAEMIA, bovine, review, 214, 318
Aconeal process of ulna: separate centre of ossification in the horse, 434
African horse sickness virus, The isolation and identification of type 9 in the Sudan, 606
Alkaline phosphatase, Some properties of in dog tissues and serum, 489
Alkaline phosphatase, Serum and liver function tests in domestic animals in the Sudan, 544
Amprolium, Cerebrocortical necrosis and, 9
Amylases of calf small intestine, The, xix
Anabolic steroid implantation in heifers, Alterations in weight gain and levels of plasma metabolites etc, after, 532
Anaemia in goats fed with *Ipomoea carnea*, Development of 271
Anaphylaxis in calves, Investigations into the role of pharmacologically active amines in, 466
Androgen steroids, The use of, as an aid to the detection of oestrus in pig artifical insemination, 61
Animal health, metabolic profile tests and, 34
Animal health in the E.E.C.:
  Legislation des aliments des animaux, 517
  Meat Inspection in Britain, 307
  Practical aspects of meat hygiene, 312
Anthelmintic activity of levamisole in pigs, xxxvi
Anthelmintic activity of levamisole, An evaluation of, against *Chabertia ovina* in lambs using the improved controlled test, 501

Antibiotic-resistant bacteria in animals, 110
Antibiotic-resistant *Salmonellae*, 128
Antibodies to *Campylobacter fetus* (*Vibrio fetus*) in the preputial secretions of bulls with vibriosis, Detection of, li
Antigen activity of *Fasciola gigantica*, Preliminary observations on, by immunodiffusion test in sheep, liv
Antigens, *Dermatophilus congolensis*, comparative serological study, A lix

Bacteria, antibiotic-resistant, 110, 128
Bacteriology, Faecal and vaginal, of sows, 230
Behaviour in domestic fowls, 23
Behaviour, Nursing and suckling, of pigs. II., 346
Beta-amylase and beta-glucuronidase, The influence of on the fertility of frozen bull semen, 292
Biometeorology as it relates to cattle breeding for beef in tropical Australia, 413
Biopsy specimens, endometrial, An instrument for obtaining, from bovine uterus, 160
Biotin on FLKS, lxxv
Book reviews:
Anatomy and physiology of farm animals (R. D. Frandson), 510
Animal traps and trapping (J. A. Bateman), 506
Aspects of meat inspection, (H. Thornton), 299
Atlas of radiographic anatomy of dog and horse (H. Schebitz & H. Wilkins), 506
Atlas of topographical anatomy of the domestic animals (P. Popesko), 200
Autopsy of the horse. Techniques and interpretation (J. R. Rooney), 611
Basic surgical techniques (R. M. Kirk), 611
Black's veterinary dictionary (W. C. Miller & G. P. West), 507
Colibacillosis in calves (H. Fey), 509
Common parasites of laboratory rodents and lagomorphs, 1972 (D. Owen), 204
Diagnostic procedures in veterinary bacteriology (G. R. Carter), 404
Diseases of fish (C. van Duijn jr.), 96
Dukes' Physiology of domestic animals, (ed. M. J. Swenson), 400
Functional anatomy of the nervous system, The—A course for beginners (A. S. King), 303
Functional mammal neuroanatomy (T. W. Jenkins), 200
Guidelines for the breeding, care and management of laboratory animals (Nat. Acad. Sci. Wash.), 510
Immunity to animal parasites, (ed. E. J. L. Soulsby), 299
International Zoo Yearbook 13, (ed. N. Duplaix-Hall), 509
Jones's animal nursing (ed. R. S. Pinniger), 508
Laboratory Monographs (Baillière Tindall), 508
Nomina Anatomica Veterinaria, 509
Nutrition and anti-infectious defence (J. Goutzea), 510
Parasitic diseases of wild mammals, (ed. J. W. Davis & R. C. Anderson), 300
Parasites of laboratory animals (R. J. Flynn), 510
Poultry production (L. E. Card & M. C. Nesheim), 301
Proceedings of the international symposium on the genetics of the spermatozoon, 1971, 202
Production disease in farm animals, (ed. J. M. Payne, **et al**), 507
Radiology in veterinary orthopedics (J. P. Morgan), 507
Stereoscopic atlas of small animal surgery (R. E. Hoffer and H. E. Jensen), 612
Textbook of veterinary anaesthesia, (ed. L. R. Soma), 203
Textbook of veterinary physiology (J. E. Breazile), 612
The embryonic pig: A chronological account (A. W. Marrable), 612
The haemostatic mechanism in man and other animals (R. G. Macfarlane), 613
The improvement of sow productivity (Ed. A. J. Janes *et al*), 613
Thorax of sheep and man. An anatomy atlas (W. D. Anderson), 614
T.V. Vet sheep book—recognition and treatment of common sheep (The T.V. Vet), 302
UFAW Handbook on the care and management of laboratory animals, The, 460
Veterinary medical mycology (P. F. Jungerman & R. M. Schwartsman), 401
Viruses of vertebrates (C. Andrews), 401
Viscera of the domestic mammals, The (R. Nickel, A. Schummer & E. Seiferle), 304
What price abortion? (R. Howells), 403
Wright's veterinary anaesthesia and analgesia (L. W. Hall), 203

Border disease agent, Pathogenicity of the, for the bovine foetus, 357
Bovine endometrium, The technical importance of procedures in the preparation of histological specimens from the, 164
Bovine ketosis: a review, 214, 318
Bovine, see also Cattle
Brucella strains, Sensitivity of *in vitro* to spectinomycin, 446
Brucellosis, bovine, in four districts of Uganda, A survey of, 249
Bull semen, fertility of frozen, 292
Bulls, see also Cattle

Caecal impaction, Treatment of by caecotomy in the horse, 420
Calves, anaphylaxis in, 466
Calves, see also Cattle
Camel and llama erythrocytes, morphology, 288
Camel, Indian, seasonal variations in water compartments, xlvii
Campylobacter fetus, Antibodies to, in preputial secretions of bulls with vibriosis, li
Cat, Hair growth and replacement in the, 327
Cattle:
Amylases of calf small intestine, xix
Anabolic steroid implantation in heifers, 532
Anaphylaxis in calves, 466
Antibodies to *Campylobacter fetus* in preputial secretions of bulls with vibriosis, Detection of, li
Biometeorology and breeding for beef, 413
Border disease agent and bovine foetus, 357
Bovine endometrium, preparation of histological specimens, 164
Bovine ketosis, review, 214, 318
Brucellosis in Uganda, 249
Cerebrocortical necrosis, Amprolium and, 9
Colibacillosis of calves, 189,
Dexamethasone-induced parturition, 221
East Coast fever, 336
Epidemiological study of pseudocowpox, 150
Excretion of *Salmonella dublin* by carriers, 482
Fasciola gigantica infections, 453
Fertility of frozen bull semen, 292
Helminthiasis in, in Uganda, 120
Hippobosca variegata in, in Nigeria, lvii
Instrument for obtaining endometrial biopsy specimens, 160
Lactation, Incidence of mastitis organisms in relation to advancement of, xxxiii
Losses in young calves after transportation, 374
Mastitis, effect of on mammary quarters of cows, 169
Metabolic profile tests, statistical appraisal, 34
Repetitive in vivo sampling of bovine uterus, 259
Salmonella dublin in, clinical aspects, 556
Salmonella dublin, isolation of from faecal swabs, xxxi
Spinal deformity in a Cape buffalo calf, xxiv
Toxicity of Connaraceaa family, xii
Cerebrocortical necrosis, The production of in ruminant calves by the intraruminal administration of Amprolium, 9
Chabertia ovina in lambs, levamisole and, 501
Chickens:
Biotin on FLKS, lxxv
Mycoplasma infection in, 75
Patterns of behaviour in cages and pens, 23
Ultrastructure differentiation of boundary tissue of seminiferous tubule in, 587
Cholestrol levels, Total serum, in the horse, xvi
Clinical abnormalities of the mammary quarters of cows caused by mastitis and their effects on milk composition, 169
Clinical problems of preventive medicine:
Antibiotic -resistant bacteria in animals: the dangers to human health, 110
Bovine ketosis: a review with recommendations or control and treatment, 214, 318
Control of helminthiasis in ruminants, The, 99
Epidemiology in animal disease, The use of, 207
Pig health scheme, The, 3
Coccidiosis of lambs. III. The reaction of the small intestinal mucosa to experimental infections with *E. arloingi* "B" and *E. crandallis*, 45
Coccidiosis of lambs. IV. The clinical response to infections of *E. arloingi* "B" and *E. crandallis* in laboratory-reared lambs, 54
Coccidiosis of lambs. V. The clinical response to long-term infection with a mixture of different species of coccidia, 388
Coeliaco-mesenteric ganglia of horses with and wi thout grass sickness, Observations on the, 265
Colibacillosis of calves, Lesions and bacteriological findings in, 189
Colibacillosis in neonatal calf, Colostral immunity to, 405
Colostral immunity to colibacillosis in the neonatal calf, 405
Colostrum deprivation, Experimental, in lambs, 538
Connaraceae family, toxicity of some members, The xli
Corticosteroids, The use of to synchronize parturition in sheep, i

Dermatophilus congolensis antigens, A comparative serological study, lix
Dexamethasone-induced parturition in cattle, 221
Dog:
Alkaline phosphatase in tissues, 489
Drug-induced retinopathies in, 564
Role of in epidemiology of ovine sarcosporidiosis, ix
Pseudomonas aeruginosa infection in skin of, lxviii
Drug-induced retinopathies in the beagle dog, 564
Drug resistance, A survey of, in *Salmonellae* isolated from animals in England and Wales during 1971, 128
Drug-resistant bacteria in animals, 128

East Coast fever: titration in cattle of suspensions of *Theileria parva* derived from ticks, 336
Editorial, 1, 97, 205, 305, 511
Eimeria aloingi "B" and *E. crandallis*, in coccidiosis of lambs, 45, 54
Endometrial biopsy specimens, An instrument for obtaining, from the bovine uterus, 160
Endometrium, bovine, preparation of histological specimens, 164
Epidemiological study, An, of pseudocowpox in South-west England and South Wales, 150
Epidemiology in animal disease, The use of, 207
Erythrocytes, camel and llama, morphology, 288
Escherichia coli in pigs, Immunity to, 599
Experimental infection of pigs with *Mycoplasma hyopneumoniae* (suipneumoniae), 68

Faecal and vaginal bacteriology of sows during the reproductive cycle, 230
Fasciola gigantica antigen activity, liv
Fasciola gigantica in cattle, The pathogenic effect of experimental infections with, 453

Fasciola hepatica liver cell damage in goats, xii
Fasciola hepatica in sheep, promezathine hydrochloride and 577
Fatty liver and kidney syndrome, Biotin on lxxv
Fertility of frozen bull semen, 292
Field infections, The application of an indirect method of infecting ticks with piroplasms for use in the isolation of, 280
Fish farming in the U.K., 513
Food intake regulation in pigs. I. The relationship between dietary protein concentration, food intake and plasma amino acids, 361
Food intake regulation in pigs. II. The relationship between dietary protein concentration, body composition, cellular development and the efficiency of protein and energy utilization, 424
Food intake regulation in pigs. III. Voluntary food selection between protein-free and protein-rich diets, 522
Foot and mouth disease, Early protection of pigs against, 440
Frozen bull semen, fertility of, 292

Goats:
  Anaemia in, fed with *Ipomoea carnea* 271
  Liver cell damage detection by plasma enzyme changes, xii
  Milk yield etc. in as function of time of day, 380
Grass sickness, coeliaco-mesen•eric ganglia of horses and, 265

Hair growth and replacement in the cat, 327
Helminthiasis in cattle in the Ankole district of Uganda, 120
Helminthiasis, control of in ruminants, 99
Hippobosca variegata, The occurrence of in Nigeria, lvii
Histological specimens of bovine endometrium, preparation of, 164
Horse:
  Aconeal process of ulna, 434
  Coeliaco-mesenteric ganglia of, and grass sickness, 265
  Louping ill in, xxix
  Plasma electrolytes in ponies, 17
  Total serum cholesterol levels in the, xvi
  Treatment of caecal impaction by caecotomy in, 420
Horse sickness virus, Isolation and identification in the Sudan 606
Hydrotaea irritans: The sheep headfly in Britain, 180
Hyostronglyus rubidus, pathogensis of in growing pigs, The, 366

Immunity to *Esch. coli* in pigs: efficacy of a live formalinized vaccine under field conditions, 599
Immunodiffusion test in sheep, liv
Instrument, An, for obtaining endometrial biopsy specimens from bovine uterus, 160
Ipomoea carnea, anaemia in goats fed with, 271
Iran, Incidence of trichurid nematodes in, xxvii

Ketosis, bovine, a review, 214, 318

Lactation, Incidence of mastitis organisms in relation to advancement of, xxxiii
Lambs, experimental colostrum deprivation in, 538
Lambs, see also Sheep
Laryngoscope, a simple "variable blade", 255
Legislation des aliments des animaux, 517
Leopard, pyometra in, A case report, 175
Leptospirosis, Animal, in the Sudan, 528
Levamisole, Anthelmintic activity of, 501
Levamisole, Anthelmintic activity of, in pigs, xxxvi
Liver cell damage, The detection of by plasma enzyme changes in goats given immature *F. hepatica* directly into the biliary system, xii
Liver function tests, The application of certain, including serum alkaline phosphatase estimations to domesticated animals in the Sudan, 544
Liveweight and its components and onset of breeding season in Border Leicester ewes, the relationship between, lxx
Llama and camel erythrocytes, morphology, 288
Losses in young calves after transportation, 374
Louping ill in the horse, Serologic evidence of, xxix

Mastitis, effect on mammary quarters of cows, 169
Mastitis organisms, Incidence of, in relation to advancement of lactation, xxxiii
Meat hygiene, practical aspects of, 312
Meat inspection in Britain, 307
Metabolic profile tests, A statistical appraisal of the results of on 191 herds in the BVA/ADAS joint excercise in animal health and productivity, 34
Milk yield, composition and somatic cells as a function of time of day in goats under a continuous lighting regimen, 380
Modern trends in animal health, 513
Morphology of camel and llama erythrocytes as viewed with the scanning electron microscope, 288
Mycoplasma gallisepticum infection in chickens, 75
Mycoplasma hyopneumonia, tube agglutination tests, 593
Mycoplasma hyorhinis Strain S7, The effect of, on pig tracheal organ cultures, xxii
Mycoplasma hyorhinis, tube agglutination tests, 593
Mycoplasma synoviae infection in chickens, Detection of, and its differentiation from *M. gallisepticum* infection, 75

Nemafax, Toxicity of, in sheep and cattle, 570
Nematodes, trichurid, in Iran, Incidnce of, xxvii
Nigeria, Occurrence of *Hippobosca variegata* in, lvii
Nursing and suckling behaviour of pigs, The. II. Vocalization of the sows in relation to suckling behaviour and milk ejection, 346

Patterns of comfort behaviour and activity in domestic fowls: a comparison between cages and pens, 23
Physiology of sheep foetal fluids, Some aspects of the, 238

Pig health scheme, The, 3
Pigs:
  Anthelmintic activity of levamisole, xxxvi
  Androgen steroids and detection of oestrus in, 61
  Early protection of against foot and mouth disease
  Experimental infection with *Mycoplasma hyopneumoniae*, 68
  Faecal and vaginal bacteriology, 230
  Food intake regulation in, 361, 424, 522
  Growing, effects of stocking rate on performance, 139
  Growing, pathogenesis of *H. rubidus*, 366
  Immunity to *Esch. coli*, 599
  Mycoplasma hyorhinis on tracheal organ cultures, xxii,
  Nursing and suckling behaviour of. II., 346
  Swine dysentery: failure of attenuated strain of spirochaete to protect, xxxvii
Piroplasms, method of infecting ticks with, 280
Ponies, plasma electrolytes and body fluids in, Observations on, 17
Promezathine hydrochloride, The effect of on the development and pathogencity of *F. hepatica* in sheep, 577
Pseudocowpox, epidemiological study of, 150
Pseudomonas aeruginosa infection in the skin of a dog: case report, lxviii
Pyometra in the leopard, A case report, 175

Renal, failure, acute, in lambs, 475
Repetitive *in vivo* sampling of the bovine uterus under field conditions, 259
Retinopathies, drug-induced in beagle dog, 564
Royal Society for the Prevention of Cruelty to Animals, Joint symposium on stress, 85
Ruminants, control of helminthiasis in, 99
Ruminants, see also Cattle

Salmonella dublin in cattle: studies on the clinical aspects, 556
Salmonella dublin, Excretion of, by adult bovine carriers, 482
Salmonella dublin, Isolation of, from faecal swabs from cattle, xxxi
Salmonellae, drug resistance in, 128
Salt appetite, The sodium transport hypothesis of, vi
Sarcosporidiosis, ovine, possible role of dog in epidemiology of, ix
Scrapie activity, comparative, of brain material and C.S.F. from scrapie-affected rats, xliv
Scrapie in sheep, Further observations on the production of, by oral dosing with foetal membranes from scrapie-affected sheep, lxv
Seasonal variations in water compartments of the Indian camel, xlvii
Sheep:
  Acute renal failure in lambs, 475
  Anthelmintic activity of levamisole in lambs, 501
  Antigen activity of *F. gigantica* in, liv
  Coccidiosis of lambs, 45 ,54, 388
  Colostrum deprivation in lambs, 538
  Corticosteroids and parturition, i
  Foetal fluids, Some aspects of the physiology of, 238
  Hydrotaea irritans in Britain, 180
  Liveweight and breeding season onset in border Leicester ewes, lxx
  Promezathine hydrochloride and *F. hepatica* in, 577
  Sarcosporidiosis of, role of dog in epidemiology, ix
  Scrapie activity of material from infected rats, xiiv
  Scrapie in, observations on production, lxv
Society for Veterinary Ethology, Joint symposium on stress, 85
Sodium transport hypothesis of salt appetite, The, vi
Spectinomycin. The *in vitro* sensitivity of *Brucella* strains to, 446
Spinal deformity, A severe, in a Cape Buffalo calf, xxiv
Stocking rate, Effects of, on the performance, general activity and ingestive behaviour of growing pigs, 139
Stress, The controi of: Society for Veterinary Ethology Joint symposium, 85
Sudan, Animal leptospirosis in, 528
Sudan, Horse sickness virus in, 606
Sudan, Liver function tests and alkaline phosphatase estimations in domestic animals in the, 544
Swine dysentery: Failure of attenuated straine of spirochaete in, xxxvii

Testis of domestic fowl, ultrastructure differentiation of boundary tissue of seminiferous tubule, 587
Theileri a parva suspensions and East Coast fever, 336
Thiophanate (Nemafax), Toxicity of in sheep and cattle, 570
Ticks, method of infecting with piroplasms, 280
Ticks, *Theileria parva* suspensions from, and East Coast fever, 336
Transportation, Losses in youhg calves after, 374
Trichurid nematodes in Iran, The incidence of, xxvii
Tube agglutination tests with *Mycoplasma hyopneumoniae* and *M. hyorhinis*, 593

Uganda, bovine brucellosis in, 249
Uganda, Helminithiasis in cattle in, 120
Ulna, aconeal process of in horse, 434
Ultrastructure differentiation, The, of the boundary tissue of the seminiferous tubule in the testis of the domestic fowl, 587
Uterus, bovine, repetitive *in vivo* sampling of, 259

"Variable blade" laryngoscope, A simple, for use in animals, 255
Vibrio fetus, antibodies to, in preputial secretions of bulls with vibriosis, li

Water compartments of Indian camel, seasonal variations in, xviii
